# Assisted Living

All Med Medical has launched a comprehensive program designed to meet the growing needs of this segment of the post-acute market. With the combined knowledge, skill, and exceptional customer service of our team, your organization is sure to find value in a partnership with All Med.

## Highest Quality Products

### “Top 75 Commonly Purchased Items for Assisted Living”

Buy in **bulk**, provide quality products for clients, increase customer satisfaction and save staff time. Customized marketing pieces available to assist you!

## Flexible Ordering

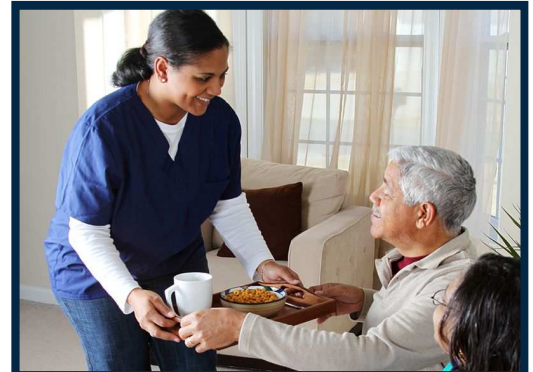

Multiple ordering methods are available: online (1% discount applies), email, fax or phone. If you are looking for something more advanced, our ancillary tracking and inventory control software may be the solution for you.

## Delivery When You Need It - From our Local Distribution Centers

Our team will work with you to make sure your order arrives when you need it. Next day and same day orders are available guaranteed upon your request, for a nominal fee. Orders with normal shipping requirements will ship free when the order totals \$300.00 or more.

## Turn Key Service

Opening a new building or a new wing? Or renovating an existing therapy room? All Med, and our partners, can assist with most aspects of your project, including equipment procurement, product demos and samples, design, and room layout. We specialize in the latest therapy equipment, patient room furniture, window treatments, and much more.
